

Benefits for students

Aims and objectives

Who is this course for?

This course is for advisers who deal with those contemplating continuing or returning to studying. The course covers post-16 education, including non-advanced, further and higher education. We will be looking at the special rules for parents and disabled students.

Aim

To raise awareness of the financial support available through educational establishments as student support and the social security benefits which can be applied for.

Objectives

At the end of the course you will:

- be aware of the difference between full and part time studying
- be aware of the level of costs which may be incurred in order to attend the course of choice
- be aware of who is eligible for financial support during their course
- be aware of what financial support is available
- be aware of the implications of taking advantage of financial support through loans
- have information on how to find further help and advice
